

SUPPLY LIST Week 1
Nuts and Bolts of Quilting—5 week class—Revised February 2007

The first class will be a lecture/demonstration. The instructor will talk to students about terminology, quilt construction, fabric choices and tools. Students will be able to practice rotary cutting on scrap fabric. We will be using a traditional design so there is no pattern. SEW VAC IS OFFERING STUDENTS A 20% DISCOUNT OFF ALL REGULARLY PRICED FABRIC FROM THE BOLT USED FOR THIS PROJECT!

- Paper and pencil for taking notes and a small folder for handouts
- Scrap woven cotton fabric or a fat quarter or ¼ yard muslin to practice rotary cutting

- Rotary cutter and ruler IF YOU OWN ONE. There will be some classroom ones to try.
